Internship - Engineer assistant

February - June 2021

14 to 20 weeks

IT - Electronics
Mecatronic

Wilful and driven, I am used to working in teams on a daily basis, whether as a manager or an active member. I like learning new things and am curious of everything in order to acquire a strong set of knowledge and skills. As a proactive person, I will prove myself a creative force among your teams.

Training

- Since 2017 Studying engineering at the **École Nationale d'Ingénieurs de Brest (ENIB), a school of engineering focusing on IT, electronics and mecatronic.**
- 2017 Scientific Baccalauréat majoring in biology with a specialisation in visual arts with honours at Lycée Sainte-Thérèse, Rambouillet, France.

Career

- January 2019 Four weeks internship at Doctor IT (Brest, France) at their workshop:
- High-tech repairs
- Customer relations.
- 2018 Workplace first-aid course certificate.
- Summer of 2017 & 2016 Usherette at Vox movie theater in Rambouillet, France:
- Supply management
- Sales
- Merchandising.

Skills

- Computer language Python - C - C++ - HTML - CSS - SQLite - Java - JavaScript - C#
- Technologies Matlab - React - Git - Qt - Android Studio
- Software Pack-office - Premiere Pro - InDesign - Illustrator - After Effect - Photoshop - Unity Pro - Vjéo - Catia - Jupyter Notebook

Associative path

- Acquired skills Teamwork and team management - Remote working - Forecast budget - Project management - Community management

Head of communication of the National Engineering Students Bureau (**BNEI**).

Vice-president of the Regional Engineering Students Bureau of Basse-Bretagne (BREI).

President of the La Nuit de l'ENIB association in charge of organizing the 54th yearly **gala** in honour of the new graduates of the school - formerly vice-secretary of the association organizing the 53rd edition of the gala.

Student representative at the ENIB's board of directors.
